

Pennsylvania Orthopaedic Society Political Action Committee Leadership Circle

As a Leadership Circle member, you will receive a personal invitation for you and a guest to attend receptions and dinners with the Commonwealth's most influential officeholders. In addition, you will receive monthly email updates on our progress throughout the year. But best of all, you will have the satisfaction of knowing you are a member of an elite group of orthopaedic surgeons who are determined to stay in Pennsylvania and save our health care delivery system.

Since 2005, more than 40 of your colleagues answered the call and contributed at least \$2500 per year. Now it's your turn to meet this challenge. With your generous contribution, we will continue to advocate for Tort Reform, Mcare 500/500, and Workers' Compensation Fee Schedule preservation.

Please join your colleagues who have already "stepped up to the plate" with a \$2500 contribution. We need to continue to preserve the Workers' Compensation Fee Schedule, promote legislation to maintain MCare/primary liability insurance levels at 500/500, and continue our efforts for tort reform.

It is essential that you understand that this is an investment not a contribution.

If you cannot make the Leadership Circle commitment, we urge you to join the OrthoPAC at the \$1500 level. This will assure that our other agenda items such as increasing insurance reimbursements get a fair hearing in Harrisburg.

Either way, we ask you not to help OrthoPAC, but to help yourselves through your contribution! Thank you for your commitment to preserving Pennsylvania's orthopaedic community by becoming a Leadership Circle membership.
