

Post Activity Evaluation – Orthopaedic Trauma: New Techniques and Trends

You recently attended the Pennsylvania Orthopaedic Society 2009 Spring Scientific Meeting at Nemaocolin Woodlands. Per ACCME regulations, we are required to conduct a post-evaluation of our CME activities in order to gauge the effectiveness of our educational interventions. As joint sponsors of the meeting, the American College of Surgeons and Pennsylvania Orthopaedic Society are interested in determining how your practice has changed (competence, performance, or patient outcomes) as a result of attending the meeting. Your response will assist us in measuring current practice gaps which will be used for future educational activities. We would appreciate it if you would please **fax to 717-909-8906 by July 9, 2009**. Thank you.

Please answer the questions with a 5 – 1

To A Great Extent	→	Not At All		
5	4	3	2	1

1. Have you implemented any changes into your practice as a result of attending the meeting?

Answer: #

Please explain:
