

Help With Workers' Compensation Payment and Billing

The **Notice of Compensation Payable Poster** is intended for the physician waiting and exam rooms and has been designed with the physician and patient in mind. It urges workers' compensation patients to provide the physician with a copy of their Notice of Compensation Payable (NCP).

Physicians benefit from obtaining the patient's NCP because its information enables the billing staff to distinguish between what injuries are truly WC liabilities versus those which should be billed to a patient's regular health plan. **The result is more accurate payment and billing.**

Notice of Compensation Payable Poster Size: 11 X 17

The Pennsylvania Orthopaedic Society makes these 11 x 17 posters available to you at cost. They are sold in packs of 10 at \$12.50 per pack.

To obtain this useful tool, **complete the form below and mail with your check payable to POS by August 1 to:**

Pennsylvania Orthopaedic Society, 510 North Third Street, 3rd Floor, Harrisburg, PA 17101-1111

Practice Name: _____

Attention: _____ Email: _____
